

INTERNATIONAL ATOMIC ENERGY AGENCY

THE DIRECTOR GENERAL

7 December 2007

Dear Mr Martin,

I am pleased to learn that you have agreed to act as Coordinator for the IAEA's '20/20' project, providing, among other things, liaison between the Secretariat and the Commission of Eminent Persons that I am establishing under the Chairmanship of Ernesto Zedillo, former President of Mexico, and currently Director of Yale University's Center for the Study of Globalization. You will be working in close conjunction with the Executive Directors of the Commission, Professor Graham Allison, and Ambassador T P Sreenivasan.

I understand that you are already fully acquainted with the nature and the timetable of the project. In particular, you are aware that the IAEA's Senior Management Conference on 14-16 January 2008 will be devoted to the Secretariat's '20/20' report and that your attendance as a facilitator at that meeting will be appreciated.

I have asked Deputy Director General David Waller to head the project within the IAEA and to act as your liaison contact with the Secretariat.

Yours sincerely,

Mohamed ElBaradei
